

Hello.

we are sending you instructions for your arrival at the apartment.

The apartment is located in a complex at Ulica Miroslava Krleža 3, 52470 Umag, Croatia. Upon arrival, you will see a barrier at the entrance. At the barrier, there is a keypad used to open it (circled in the image below). The code you need to enter is: **2580****.

When leaving the complex, the barrier will open automatically as you approach the far-right exit lane.

After opening the barrier, turn right into the underground garage and use the same code (2580**) to open the garage door as well (the location of the keypad is circled in the image below).

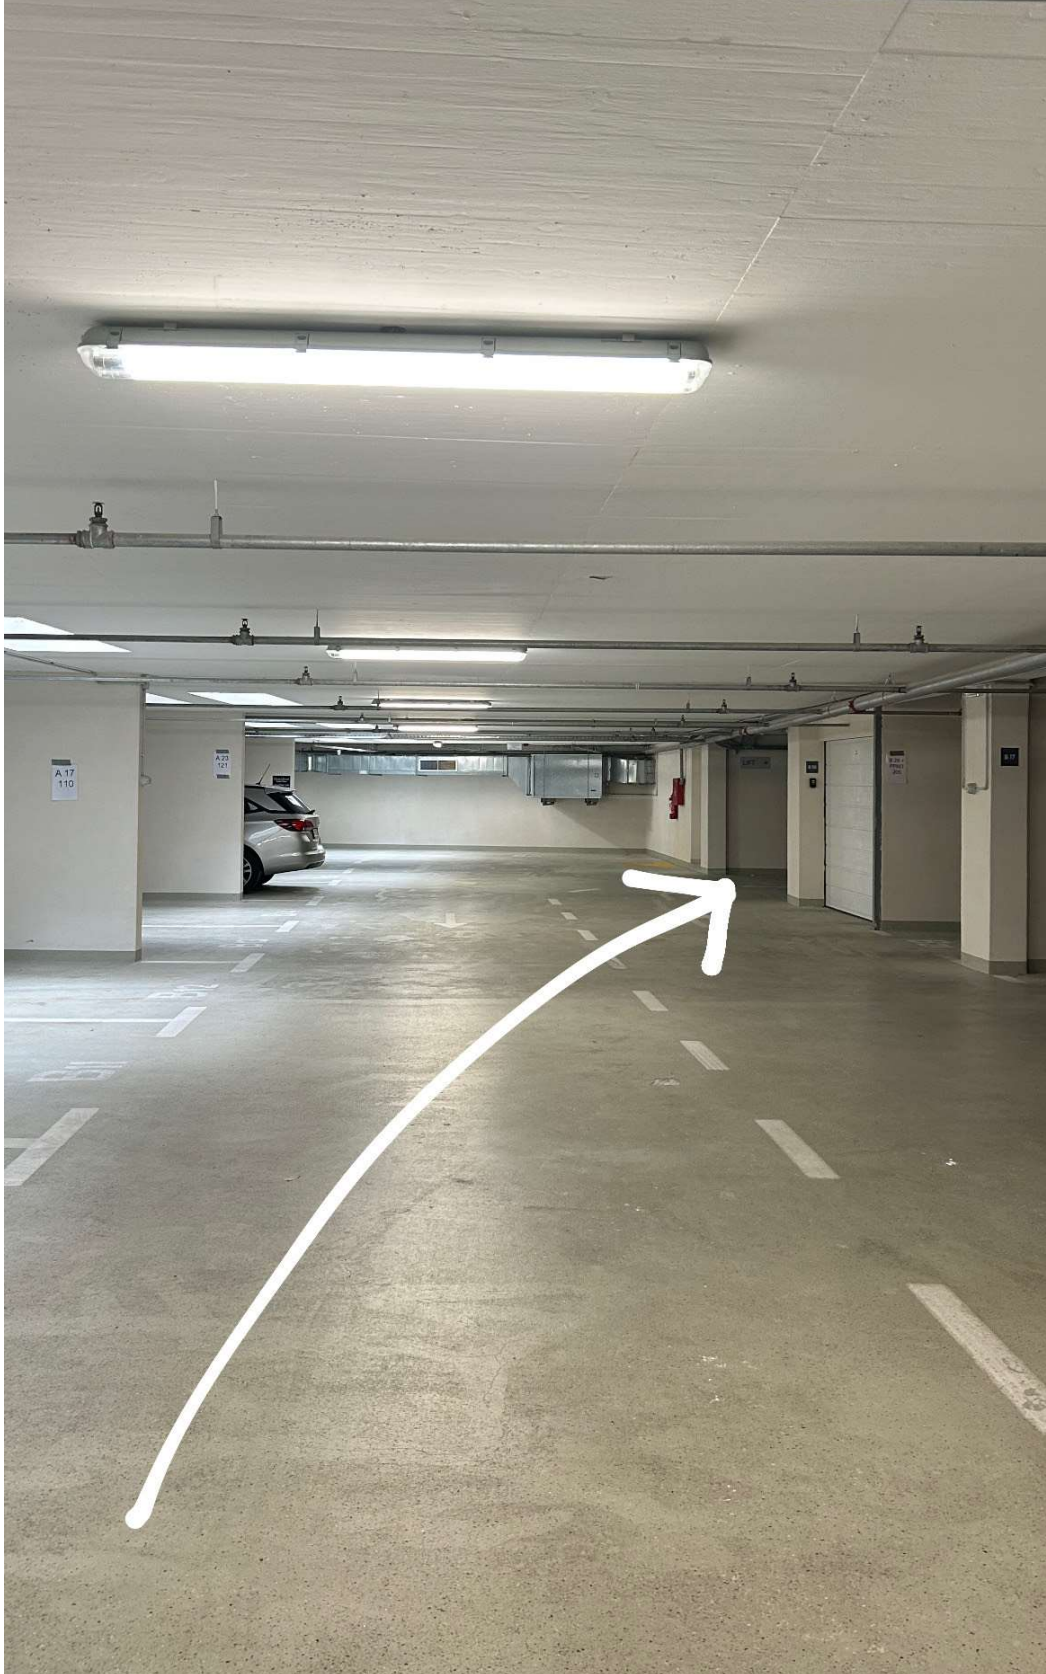

In the garage, turn into the second row of parking spaces on the left and continue straight to the designated parking spot located on the left side, which belongs to the apartment.

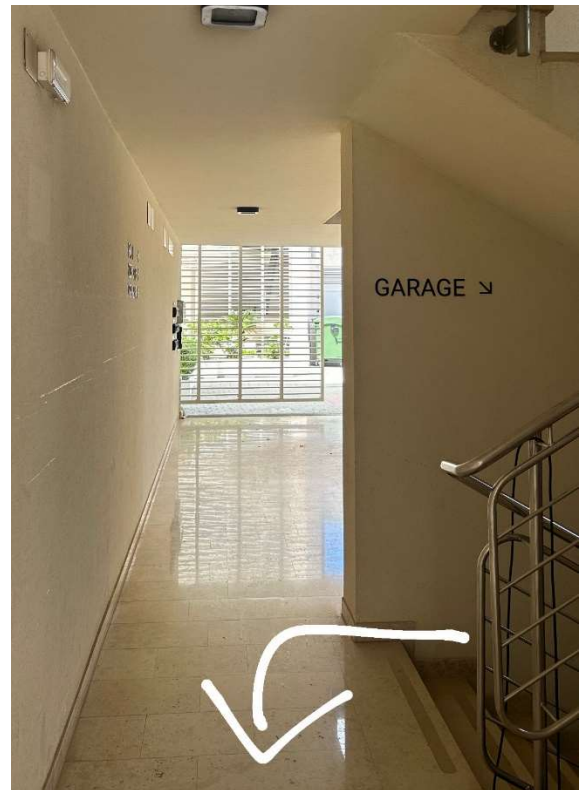

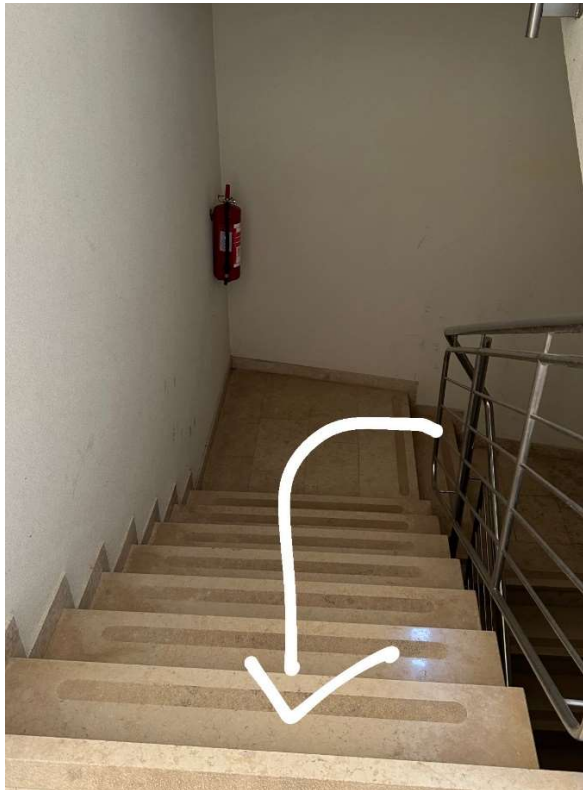

Then, proceed through the basement area to the elevator (marked with the sign “LIFT”) or the stairs, which will take you to the apartment.

You can use either the stairs or the elevator to reach floor 0.

When you come upstairs, the key boxes are located on the right-hand side. From key box number **B26**, take the remote control, which you will always need to exit the garage. You can also use it to enter/exit the complex instead of using the keypad. The code is **0026**.

Please return the remote control to the key box upon departure.

After taking the remote control, continue to the left towards the apartment.

On the keypad at the door, enter the **code you received VIA MESSAGE ON THE DAY OF ARRIVAL** and press the check mark.

PLEASE REMEMBER OR WRITE DOWN THIS CODE, AS IT ALLOWS YOU TO ENTER AND EXIT THE APARTMENT FOR THE ENTIRE DURATION OF YOUR STAY!

Also, at the apartment door, enter the **same code** as for the main entrance below and **press the check mark** on the keypad.

Upon departure, you will still need the remote control to exit the garage, after which please return it. You can either park your car at the edge (as shown in the image below) or drive back to the building where the key box is located (number: B26, code: 0026).

The barrier will open automatically as you approach the far-right exit lane.
Directions to the key box:

KEY-BOX: B26, CODE: 0026

IMPORTANT INFORMATION:

- When using the air conditioning, first turn on the unit in the living room, and only then in the bedroom.
- Please do not switch off the water heater on the hallway wall in front of the bathroom, as it is intended for heating water.

We wish you a pleasant and comfortable stay. If you have any questions, you can contact us at any time.
